

«GreetingLine»

Wow, it's already the end of January 2010; I swear these years are just getting faster and faster!

February's User Group meeting will be held on **the 9<sup>th</sup> of February 2010** and not on the usual date. This is due to me traveling to the United State to spend a Week on campus at Microsoft Redmond for the Microsoft MVP Summit.

If you have any questions, queries or alike in regards to SharePoint 2010, I'd be more than happen to try and get an answer directly from the people involved in the development of SharePoint!

If you are interested in getting the "SharePoint 2010 Ignite Technical Training for Developers" here in Adelaide, we are looking at needing 6 or more people for Microsoft to run the course. For more information please see the [website](#), or please feel free to email me and I can put you in contact with the right people.

The other big news item for this newsletter is the planning for our next SharePoint Saturday event which is currently pencilled in for May of this year. As time progresses I'll be sending out more updates, the call for speakers and sponsors. Please stay tuned!

See you at this month's user group meeting on February 9<sup>th</sup>, 2010!

## January Meeting Information

---

This month will see Daniel Brown take to the stage to give an in-depth overview of SharePoint, What is its capabilities, what has it been used for and what can it do, the presentation will then follow on into the second presentation of the night, also by Daniel on Customising SharePoint and the ways to go about building a real life application which is built using SharePoint.

This month will also see the catering service of Craig Parham Catering who is the independent contractor for Microsoft Innovation Centre. This is brought to you by Daniel Brown.
